Turn the heat up, turn the fucking heat up
Turn the heat up, turn the fucking heat up
Turn the heat up, turn the fucking heat up
Turn the heat up, turn the fucking heat up

You like a birth defect, press select for the blue's dog
I'm the direct descendant of Desade
Control freaks act like God, detached from the species
I sling demon feces, a beastie learns from what he
sees

Forever night time, it's high time, I got mine
I spread through the crowds mind like evil through
mankind
90's was crazy, mothers suffocate babies
Jeffrey Dahmer, you are the Devil's children

Stomp through the streets, [Incomprehensible]
Advice from the life hater
You want to save the country, kill all the teenagers

Turn the heat up, turn the fucking heat up
Turn the heat up, turn the fucking heat up
Turn the heat up, turn the fucking heat up
Turn the heat up, turn the fucking heat up

I smoke like Richard Pryors, Afro on fire
I gets Motley hot, my Pentagram is live wired
I'm a liar, I'm a cheat, I'm a filthy handed thief
Fuck your life and fuck your beliefs

I'm the dragon, breathe fire, stay pissed like the
Kraken
You're stiff like the dragon
So raise your fist if your pissed about my song
Look to the sky and you'll see God is gone

Turn the heat up, turn the fucking heat up
Turn the heat up, turn the fucking heat up
Turn the heat up, turn the fucking heat up
Turn the heat up, turn the fucking heat up

Turn the heat up, turn the fucking heat up
Turn the heat up, turn the fucking heat up
Turn the heat up, turn the fucking heat up
Turn the heat up, turn the fucking heat up
