Today at lunch I'll buy you  
An ice cream sandwich with my allowance.  
Make you face outta tater tots...  
'Cuz I really, really like you.  
Lots I got my little school box  
Full of nothing but I want something  
I keep eating those heart shaped candies  
I'm too chicken to give to you

I wanna pass notes with you  
And say the things on my shoe  
And trade Lunches at noon  
I wanna pass notes with you

I wanna pass notes with you  
I toss my cookies in the boy's room  
Trade Lunches at noon  
I wanna pass notes with you

I wanna pass notes with you  
And say the things on my shoe  
And trade Lunches at noon  
I wanna pass notes with you

I wanna pass notes with you  
I toss my cookies in the boy's room  
Trade Lunches at noon  
I want to tie your shoe

I wanna pass notes with you  
And say the things on my shoe  
And trade Lunches at noon  
I wanna pass notes with you

I wanna pass notes with you  
I toss my cookies in the boy's room  
And tray your shoe...  
And trade Lunches with you.
