I don't know what to do today
I get so high but then it ends
Had to pick myself up again
To live the day when I'm not fine, as I'm just feeling
pain
I miss the times when I had pride
I'm finding ways so I survive
Another day where it's not fair
That I should be pushed behind each of these so called
friends
Fill me, everything is great
Love too, thats not what you think
Hate me, what the hell is wrong
None nothing to deserve this x2
Won't let myself out of this mess
Don't want depression to be dead
No longer will feel anything
Forget everything I was its time to start off fresh
I won't let freaks get in my way
Self bitching people that are fake
The times I spent when not awake
Made me feel like I was trapped but wake and nothings
helped

Fill me, everything is great
Love too, thats not what you think
Hate me, what the hell is wrong
None nothing to deserve this
Fill me, everything is great
Love too, thats not what you think
Hate me, what the hell is wrong
None nothing to deserve this
Oath
You enslave me
I enslave you
You enslave me
I enslave myself
You enslave me
I enslave you
You enslave me
I enslave myself
Myself

Myself
Myself
Fill me, everything is great
Love too, that's not what you think
Hate me, what the hell is wrong
None nothing to deserve this x2
None nothing to do this x2
You enslave me, I enslave you
You enslave me, I enslave myself
