Free my mind
Erase bad times
Escape the past
Think you're bright
Tell me when its time to prove you wrong
Why must you lie
To get ahead
Bring you down to earth
And see you fall
Make it so hard
You know your lose give into me
Save it for when you cry
Be so blind
With what you do
Change what was
A mistake
Tell me when its time to prove you wrong

Why must you lie
To get ahead
Bring you down to earth
And see you fall
Make it so hard
You know your lose give into me
Save it for when you cry
Tell me when its time to prove you wrong
Why must you lie
To get ahead
Bring you down to earth
And see you fall
Make it so hard
You know your lose give into me
Save it for when you cry
