You and Me!

Time and time again  
I tell you how I feel  
Yet over and over  
I want to show it's real

To see the smile on your face  
And hold your arms  
In sweet embrace  
I know we'll be together

For the rest of our lives  
I'll always tell you everything  
I'll have nothing to hide  
Don't you ever fear  
That I will go away  
For right by your side  
Is where I'm going to stay  
I will be here

Through it all  
I'll pick you up when you fall  
Come to me in good  
Come to me in bad  
Come to me with tears

Happy or sad  
I'll laugh when you laugh  
I'll cry when you cry  
And if you have no explanation

I'll never ask why  
With anything  
You can confide in me  
For I'm the one

Who'll always be  
By your side  
Through thick and thin  
Together forever  
We'll always win

No matter which road  
You happen to choose

repeat churos

I will always Be with you  
Together we Will succeed  
In the end It'll be just  
you and me
