Saw you walk into the room
Thought I'd try to talk to you
Babe am I ever glad you wanted me too
It's been two years to the day
Half the time I've been away
I know I'm not there enough
But that's gonna change
Cuz' I'm coming back to show you that I'm keeping the
promise I made

When I'm with you
I'll make every second count
Cuz I miss you
Whenever you're not around
When I kiss you
I still get butterflies years from now
I'll make every second count when I'm with you

Yeah we've had our ups and down
But we've always worked them out
Babe am I ever glad we've got this far now
Still I'm lying here tonight
Wishing I was by your side
Cuz when I'm not there enough
Nothing feels right
So I'm coming back to show you that

I'll love you the rest of my life

When I'm with you
I'll make every second count
Cuz I miss you
When ever you're not around
When I kiss you
I still get butterflies years from now
I'll make every second count
When I'm with you

Whatever it takes I'm not gonna break the promise I
made
When I'm with you
I'll make every second count

Cuz I miss you

When I'm with you
I'll make every second count
Cuz I miss you
Whenever you're not around
When I kiss you
I still get butterflies years from now
I'll make every second count
(Make every second count)
When I'm with you
When I'm with you
When I'm with you
When I'm with you
Yeah
