There's parents prayin
To feed their families today
While men with money
Still think it's funny
To spend their change
On every pointless thing

We gotta stand up put our hands up and fight
Just like an army
We'll keep on marchin
For what is right
We're bring hope to life
All you gotta do is...

Say what you wanna say
And be what you wanna be
Don't let yourself get all confused
Cuz all gotta be is you to make it
You'll make it
You know what you need to know
To go where you wanna go
No one can tell you what to do
Cuz it's your life
It's up to you to make it
You'll make it

The world is tired
Of all the little lies they preach
The politicians
Who blur our vision
So we believe
In someone else speech

We gotta stand up
Put our hands up to fight
We are an army
Always marchin for what is right
We're bring hope to life
All you gotta do is...

Say what you wanna say
And be what you wanna be

Don't let yourself get all confused
Cuz all gotta be is you to make it
You'll make it
You know what you need to know
To go where you wanna go
No one can tell you what to do
Cuz it's your life
It's up to you to make it
You'll make it

There is kids with gun bein forced to fight (no)
The lucky ones will make it home alive (no)
And everyone's got a choice to make (yeah)
The world won't change
Until we finally find a way

Say what you wanna say
And be what we need to be
Don't let yourself get all confused
Cuz all gotta be is you to make it
You'll make it
You know what you need to know
To go where you wanna go
No one can tell you what to do
Cuz it's your life
It's up to you to make it
You'll make it
(You'll make it)

Gotta stand up
Put our hands up to fight
(you'll make it)
Like an army
(you'll make it)
Always marchin for what is right
Bring hope to life
