Hello?  
Who's this?  
This is who?  
This couldn't be you... (couldn't be you)  
What you mean you wanna talk about us?  
Who's us?  
There's no me and you! (no me and you)  
You should have thought about us when you was with  
him you wasn't thinking 'bout me  
And now you want me back so you can do the same  
damn thing (same damn thing)

[Refrain]  
Hello Hello Hello Hello  
You got the wrong number!  
And you can keep calling back call me a thousand  
times and I might keep say:  
Hello Hello Hello Hello  
You got the wrong number! (got the wrong number)  
Oh girl, you broke my heart too many times  
For me to say hello

My voice mail it's your new best friend  
Yeah, 'cause I don't wanna talk to you, don't wanna  
talk to you  
Trust me  
Damn she isn't hello I won't ever be with you ever be  
with you again  
You should have thought about us  
When you was with him wasn't thinking 'bout me  
And now you want me back so you can do the same  
damn thing (same damn thing)

[Refrain]  
Hello Hello Hello Hello  
You got the wrong number!  
And you can keep calling back call me a thousand  
times and I might keep say:  
Hello Hello Hello Hello  
You got the wrong number! (got the wrong number)  
Oh girl, you broke my heart too many times  
For me to say hello

I'd rather be alone and say:  
Hello Hello Hello Hello  
I won't pick up to the phone to say:  
Hello Hello Hello Hello  
Thinkin' of the cheat you didn't come home to say:  
Hello Hello Hello Hello  
It used to be yes but this time I say no

[Refrain]  
Hello Hello Hello Hello  
You got the wrong number!  
And you can keep calling back call me a thousand  
times and I might keep say:  
Hello Hello Hello Hello  
You got the wrong number!  
Oh girl, you broke my heart too many times  
For me to say hello

[Refrain]  
Hello Hello Hello Hello  
You got the wrong number!  
And you can keep calling back call me a thousand  
times and I might keep say:  
Hello Hello Hello Hello  
You got the wrong number! (got the wrong number  
Oh girl, you broke my heart too many times  
For me to say hello
