I feel like I can touch the moon when you're with me  
I got everything I need when you're with me  
I get a rush in my soul when we get close  
I never felt this way before, ooh... ooh  
Baby when you're with me

Girl I hope you don't mind that you're in my plans  
For the rest of my life  
And I am fortunate to have someone around like you  
Who puts up with my crazy ways and love me anyway

If I was blind girl I could see  
That little smile you give to me  
Even when you're far away  
I still can feel you near  
And when I can't find the words  
Take my hand and break the curse  
You're the perfect way to start my day  
Believe me when I say

I feel like I can touch the moon when you're with me  
When you're with me  
I got everything I need when you're with me  
When you're with me  
I get a rush in my soul when we get close  
I never felt this way before, ooh... ooh  
Baby when you're with me  
When you're with me  
Baby when you're with me  
When you're with me

Girl, I hope you don't mind  
If I tell you I love you more than 2 million times  
And you're the air I breathe  
The one true thing I'll ever need  
You give me everything you have  
I take it all and give it back

If was blind girl I could see (could see)  
That little smile you give to me (to me)  
Even when you're far away  
I still can feel you near

And when I can't find the words (the words)  
Take my hand and break the curse (curse)  
You're the perfect way to start my day  
Believe me when I say

I feel like I can touch the moon when you're with me  
When you're with me  
I got everything I need when you're with me  
When you're with me  
I get a rush in my soul when we get close  
I never felt this way before, ooh... ooh  
Baby when you're with me

Search the world, but I wont find  
Another you  
I'd just waste time  
Love would have no meaning, no  
And there's a possibility that you and I  
Were made to be together forever, babe  
Until the end of time  
Ooh, ooh  
Girl nothing else matters when you're with me  
When you're with me  
When you're with me  
When you're with me

I feel like I can touch the moon when you're with me  
I got everything I need when you're with me  
I get a rush in my soul when we get close  
I never felt this way before, ooh... ooh  
Baby when you're with me

When you're with me  
Baby when you're with me  
When you're with me
