Damn cattle the man can see em  
They don't have to ask a man if he's broke  
See a bunch of them cattle like that I got another bunch  
over yonder  
Whatcha you goin' do with all them cattles you got over  
there  
Huh  
Said whatcha goin' do with all them cattles you got over  
there  
I don't know I guess I'll feed all I got and try to give the  
son of a bitch away  
Bout all a man can do talk about something else  
You don't wanna talk about farmin'  
Hell no  
What do you wanna talk about  
Nothin'  
Nothin'  
Uh huh  
What'd you raise this year  
Nothin'  
What are you gonna raise next year  
Hair I guess  
May go with that can't go with anything else
