(Shel Silverstein)

If anyone met us they'd surely agree  
We're proper as any two people can be  
We're clean cut well mannered well dressed and polite  
But oh if they'd see us at night.

When we're drinkin' and druggin' and watchin' TV  
Eatin' cold pizza and drinkin' ice tea  
Just you and me and the devil makes three  
Drinkin' and druggin' and watchin' TV.

So you bring the chemicals I bring the wine  
I fiddle with yours and you diddle with mine  
Then drunked and drugged we fall on our backs  
Naturally performing unnatural acts.

Such as drinkin' and druggin' and watchin' TV  
Eatin' cold pizza and drinkin' ice tea  
Just you and me and the devil makes three  
Drinkin' and druggin' and watchin' TV.

In the flickin' TV light we're goin' to hell  
Makin' love with the sound off the PTL  
Jim Baker can see what you're doin' to me  
Drinkin' and druggin' and watchin' TV.

So stop drinkin' stop druggin' stop watchin' TV  
Stop eatin' cold pizza and drinkin' ice tea  
Stop lovin' your life degenerately  
Drinkin' and druggin' and watchin' TV.

Drinkin' and druggin' and watchin' TV...
