I come from just the other side of nowhere to this big
time lonesome town
They got a lotta ice and snow here half as cold as all
the people I found
Every way I've tried to go here seems to bring me down
And I seen about enough to know where I belong
I've got a mind to see the headlight
Shinin' on that old white line between my heart and
home
Sick of spendin' Sundays wishing they were Mondays
sittin' in a park alone
So give my best to anyone who's left who's ever done
me any lovin' way but wrong
And tell 'em that the pride of just the other side of
nowhere's going home

Taking nothing back to show there for these dues that
I've paid
But the soul I almost sold here and the body I've been
given away
Fadin' from the neon night time glow here headin' for
the light of day
Just the other side of nowhere's going home
I've got a mind to see the headlight...
