Your favorite hat, don't wanna give it back  
Ain't gonna give it back  
Big brown floppy brim, the top is cavin' in  
String around my chin

Your favorite hat slick with your sweat  
Stuck to my head

Too shy to say, too much to matter anyways  
I got a tiger on top of me and I say  
Yea, yea, yea, yea, yea

Your favorite hat ain't gonna get it back  
Ain't gonna give it back  
Standin' in my room, I see you on the shelf  
You watch me watch myself

Yo, dance around in the den to music in my head  
I hope your peakin' in

Too shy to say, too much to matter anyways  
I got a tiger on top of me and I say  
Yea, yea, yea, yea, yea

Now that all is left, a song of regret stuck in my head
