"Adelaide Crows"

We're the pride of south australia
And we're known as the adelaide crows
We're courageous, stronger, faster
And respected by our foes.
Admiration of the nation
Our determination shows.
We're the pride of south australia
We're the mighty adelaide crows.
We give our best from coast to coast
Where the story will be told.
As we fight the rugged battles
The flag will be our goal
Our skill and nerve will see us through
Our commitment ever grows.
We're the pride of south australia
We're the mighty adelaide crows
