I did my best tryin' to be a rollin' stone
Just too good a time when I'm home
It's time to lay my headÂ... lay my head down
So put me anywhere in St. John's town

PRE-CHORUS

Where the Southside looks down, down, down
Down on the town

If ya hear me

CHORUS

Light up the light, I'll ride out the night 'til I'm where the
water's calm

Pray for the weather, heave up the mainsail
There's a good day comin' when you lay your head in
St. John's
(I' been away, been away too longÂ... I' been away,
been away too long)

I haves too good a time when I'm home
Hey buddy, wha's ya atÂ... wha's goin' on?

PRE-CHORUS AND CHORUS
