Fabulous Rap:

I wanna see your badabing go bababoom
And my house got a wing with a lotta rooms
I could do a lot of things
Get you hot as june
I wanna watch your body swing to the hottest tunes
I'm tryin to slide behind it
When you throw it round
So i can ride and grind it when you slow it down
Bring it from the top then take it to the bottom
I'm clingin to your top tryin to make it to your bottom
The way you move is fabulos-a
It makes me wanna grab you closer
You know i like it when you bounce bounce
Throw ya hands up when you bounce bounce
I dont back down
When i'm pressin ya
I finna lay you smack down
Like a wrestler
But nobody get it to poppin like this man can
Had them girls get to poppin on handstands
Ghetto

Chorus till fade:

Mami shake it like you can for me
You know i like it when you do that little dance for me
Mami i'm just trying to get you in my room
And see that big

Badabing go badaboom (badabing go, badaboom)
Mami shake it like you can for me (skake it)
You know i like it when you do that little dance for me

Mami i'm just trying to get you in my room (in my room)
And see that big
Badabing go badaboom

Mami shake it like you can for me
You know i like it when you do that little dance for me
Mami i'm just trying to get you in my room
And see that big
Badabing go badaboom

You know i like it when you do that little dance for me
