See ma, I think you took it  
I think you took it wrong like  
You got it misunderstood or something  
You got it confused

I'm thinking about the one night we had spent together  
(I mean, when was this ma?)  
That I'd cherish the love I thought would last forever  
(I never said that, I never said forever)

Call me  
(Na, I don't do this you already knew this  
Ma we been through this)  
Call me  
(Na, I can't do that once I done blew that  
Ma, we been through that)

Girl, that was a one night fling  
You was turned on by the moonshine and the sunlight  
bling  
You kept licking your tongue at me  
Knowing how quick that this youngun be  
To pull out his dick from his dungarees  
Besides, we had enough liquor and jumatries  
That both of us woulda got sick or had lung disease  
I remember every gesture made  
During the escapade in the back of the escalade

When it come to tricks, I have some up my sleeve  
But shorty dived in head first and didn't come up to  
breath  
I usually don't get to rag 'em but it's so real  
I made the caddy chauffer hop out and get the  
magnums  
We getting close the park of Meridian  
She pulling her skirt down and tucking her titties in  
I'm walking this biddy in caressing her pretty skin  
She say "I love the video that you n' PD in"

I'm thinking about the one night we had spent together  
That I'd cherish the love I thought would last forever

Call me  
(Na, I don't do this you already knew this  
Ma we been through this)  
Call me  
(Na, I can't do that once I done blew that, Ma we been  
through that)

This girl hobby was to slow me down  
Got me walking wobbling through the lobby lounge  
In the pent house blasting Mob Deep and some Bobby  
Brown  
Do not disturb sign probably woulda not be found  
If theres one thing I'm giving her, it gotta be back shots  
She screaming like she just won the lottery jack pot  
At the same time she jerking and wiggling  
Smirking and giggling  
'Cuz I'm like dirt when I'm digging in

The way she working and fingering  
She must have be a gymnast  
'Cuz the positions wasn't hurting her ligaments  
Ma I know you got centerfold measurement features  
But after a night, it was a pleasure to meet ya  
Get ya under and outta where  
You aint gotta go home but you gotta get outta here  
So write your number on this paper  
I might wanna scrape ya next year when I go on tour

Still thinking about the one night we had spent together  
That I'd cherish the love I thought would last forever

Call me  
(Na, I don't do this you already knew this, Ma we been  
through this)  
Call me  
(Na, I can't do that once I done blew that)

Now I aint seen shorty since the spot last summer  
And she still calling and paging  
I don't even know how she got my numbers  
But I been hiding 'cuz, this girl looking for the kid  
Like Bush was searching for Bin Laden  
Before I didn't care if she where I be  
But now I mean it be scaring me to get yearly therapy  
She said her heart broken, it caused her to start  
smoking  
And I was in deep thinking, making her keep drinking

Since Hiedy started stalking me  
I had to get body guards to walk with me  
If you wanna get fabolous, that's on you, that's on you

Long as you know where they at on you  
I'm looking at her ways and reactions  
Hoping that this don't turn into a fatal attraction  
She screamin' "Fabolous give me one more chance  
Fabolous give me one more chance "

I'm thinking about the one night we just spent together  
(I mean, when was this ma?)  
That I'd cherish the love I thought would last forever  
(I never said that, I never said forever)

Call me  
(Na, I don't do this you already knew this, Ma we been  
through this)  
(Na, I can't do that once I done blew that  
Ma we been through that)
