Can't Let U Go
f Lil' Mo

[Verse 1]

Uh, Uh, Uh
Baby girl
You know my situation
And sometimes I know you get impatient
But you don't put on a show to get ovations
Take it to court and go through litagations
And I respect you gangsta
Treat you like a princess
And put something on your neck to thank you
She's my pinch hitter
When the startin lineup ain't playin right
I come off the bench with her
It might sound like I'm gassin you

passenger
We been creepin and sneakin
Just to keep it from leakin
We so deep in our freakin
That we don't sleep on the weekend

But I said it'll be alright

[Chorus]

I really wanna be with you (be with you)
But I gotta be real with you (real with you)
I can't leave you alone (no)
And I know I'll live in wrong
But I can't let you go
You're the one I want in my life (want in my life)
I already got a wife (got a wife)
I can't leave you alone (no)
And I know I'll live in wrong
But I can't let you go

[Verse 2]

And you know the barrel of my gun is big enough to
spit out a rocket

Oh, you gone play dumb if cops do come through

I gotta keep the top up if my drop do come through

But I know the boutiques and the shops you run
through

So I cop her one and cop you one too

You always get a daily page weekly ring
