Baby girl

You know my situation

And sometimes I know you get impatient

But you don't put on show's to get ovations.

Take it to court and go through litagations

And I respect ya gangsta

Treat you like a princess

And put something on your neck to thank ya

Shes my pinch hitta

When the startin lineup aint playin right

I come off the bench wit her

It might sound like im gassin ya

But it took time to get from the back seat to the
passenger

We been creepin and sneakin

Just to keep it from leakin

We so deep in our freakin

That we don't sleep on the weekend

Wifey

A little bit uptight

Wonderin why I keep comin home in the middle of the
night

It'll be alright if ya'll bump heads it'll be a fight

But i said it'll be alright

[Chorus - lil mo]

I really wanna be with you (be with you)

But I gotta be real with you (real with you)

I can't leave you alone (lone)

And I know I'm living wrong.

But i can't let ya go

Your the one i want in my life (want in my life)

Already got a wife (got a wife)

Can't leave you alone (lone)

And I know I'm living wrong

But I can't let ya go

[Fabulous]

You aint ever step out of line

Or get out a pocket

So i made sure canary sent out your locket
To protect you, i'll get out and cock it
And you know the barrel of my gun is big enough to
spit out a rocket
Oh, you gonna play dumb if cops do come through
I gotta keep the top up if my drop do come through
But i know the boutiques and the shops you run
through
So i cop her one, and cop you one too
You always get a daily page, weekly ring
Plus you aint too shy to do them freaky things
I aint gotta put a band on your finger
Or worry about you tellin' the whole world I'm ya man
on springer.
At first you were somethin i denied
Something I would slide
Just do somethin in the ride
But shorty
Theres something that you provide
Cuz the entre ain't as good without something on the
side ya' know.

[Fabolous]

Uh oh, i might be leavin the earth soon
My girl gonna kill me if she smells the scent of your
perfume
Its gonna be a clip toss if I go back
With stains of your lip gloss on my throwback
She wont care if im a platinum rapper
If she catch me with an empty magnum wrapper
So keep it on the down low call the carsely
You seen what happened with Mr. Big and R Kelly

[Lil Mo]

You know I care for you
Anytime this chick is there for you
Feelings im'ma share wit you
Which makes it a Lil Mo clear for you

[Chorus]
