I made some changes in my life don't regret none of em' so if you ain't heard from me then you probably one of them , niggas want different results but do the same shit , they wait for it to come , I became it ..

Guess who's bizzack nigga

The new you I can't do , I knew you , this ain't you .. I'm not no angel but always remain true , you hear what they say , my only complaint you wasn't just listening , you let that shit taint you , you fell out like fakes do , I lost all respect , for niggas that's bitches so don't call or text , the bitches get checked like they all correct , but they be wrong that's why their called your ex ..

Know talk is cheap , so I call direct and you niggas broke , ya call collect , watching my close friends act stranger for bread , you said you never change , now don't change what you said .. Face it ya'll , all ya bitches basic ball , but then you block her you 8 feet tall , homie I'm in the truck with the Soul Tape on , Hoodie up rest in peace Treyvon , I'm that cool

I said Guess who's Bizzack nigga

I can try to erase your pain , but you and I both made some mistakes , I fucks with the old you the new you is LAMEEE .. And what did you say ? You said that you'll never change

Uhhh But you did soon as you got a chance , why you poppin' shit , you should be poppin bands * living that good life * without a care , The new you is hot headed , and I'm not a fan , But I still keep it cooler , I think you should cool out , foreal , cause that ain't you tho , Since you been on that high horse , your life been on a new low , and I been chucking dueces from the two door with my new hoe , Swear to God , I ain't loosing no sleep , what I do to those freaks , I don't beat it up , I kill the shits , put a funeral in those sheets , you mess with lames , they seven days , I swear them dudes so weak

..

it could of all been so sweet , but baby do ya thang ,
and miss me with that bullshit that you be saying , you
complain and pointing ya finger when you the blame ,
and you know I got that com back boomerang baby
whats up !?

I can try to erase your pain , but you and I both made
some mistakes , I fucks with the old you the new you is
LAMEEE .. And what did you say ? You said that you'll
never change , And thats what you told me , but its not
what you showed me , it is what it is yeah but I'll always
love you ..
