Yo, baby girl, where you at ?
Right here, right here, right here, baby
Here's another one

You need to holla at somebody real, such as myself
Won't nobody do as much as myself
And it's so real, i'll hop out and get the dutches myself
For a pretty girl as such as yaself

'Cuz I'ma busy man, I don't see too much for myself
And sometimes it be hard to get in touch with myself
But I make the time when I have to
Learn to take my time and be careful when dealing with
women

There's some who be willing and skimming
And dive in to relationships 'cuz I got a million to swim
in
They'll throw it to you faster than schilling and Clemens
But feelings ain't the only thing that you can catch, now

Some throw lawyers that you hoping they fetch thous
Others pass diseases that you can catch now
But in my minutes so lone, I think about this crazy world
And I don't wanna live in it alone, come on

I'll give you all my love
And you can always trust
My loyalty, honesty and security

I'll never leave
Can none of these other chicks fuck wit me
So, holla at somebody real 'cuz I'm so real

I'm searching for a real love like J Blige in 92
But I pray I will find you
And say whether the storm will leave the gray skies
behind you
The fake may try to blind you, that's why I stay fly like I
do

And no, I can trust everybody that I say hi and bye to
First I need a girl that may die as my boo
Then I may try the I do's

But I refuse to be tricked or used by a chick
Who get amusement of kicks out of abusing my dick
When it's real I'm all in it but I don't want the scars of
love
That you get when you fall in it

Before it didn't matter who
Now, I look for some with a little attitude
I could chitter, chatter to good looking
But witty and compatible, long hair wit a fatty too
And that'll do

I'll give you all my love
And you can always trust
My loyalty, honesty and security

I'll never leave
Can none of these other chicks fuck wit me
So, holla at somebody real 'cuz I'm so real

No, I'm not trying to pressure you
But my love's too incredible for to waste
(Yeah, it's right in front of your face)

Then I give you something you can feel
To let you know you're hollering at somebody real

I need to holla at somebody real, could that be you?
The feelings that I feel, could that be true?
Most cats lay where the hood rats be boo
But I'm the kinda cat that strays away

That's 'til somebody real sways my way
Then I might spend some days away on a Asia bay
Eating food made the Cajun way
And sippin' a lil' saki, blowin' a lil broccoli

But this world is full of fluzi's
And bullshit usually, I pull, I'm choosy
And on this joint and at this point
I know I need to holla at somebody real
For real

I'll give you all my love
And you can always trust
My loyalty, honesty and security

I'll never leave
Can none of these other chicks fuck wit me
So, holla at somebody real 'cuz I'm so real

I'll give you all my love
And you can always trust
My loyalty, honesty and security

I'll never leave
Can none of these other chicks fuck wit me
So, holla at somebody real 'cuz I'm so real
