You ready? Yeah, I'm ready, I'm back baby
Let's get it
Hello ladies, I know you miss me, baby
Don't think I met you before, baby but listen

Put my numba in ya phone
And when you get out the club girl call me up
Put my number in ya phone
Just forget about ya man, baby, call my up

Put my number in ya phone, in ya phone, in ya phone,
in ya phone
You fine, you cute
You should go home with me
Baby girl, stop playin' and put my number in ya phone

Put my number in ya phone, you say you got a man
Well, call me when he gone
Call me when you alone and I'm a hop up in that black
S550
You rockin' with the best, no stress when ya with me
And the way you wear that dress with the heels
Make me wanna see you up out it for real

Meet me by the bar baby, let's go get a shot
Or meet me by a valet, let's go get my car
'Cause we'll be goin' zoom, zoom, zoom
All the way back to my hotel room
Girl, stop actin' like you don't want to
Reach into ya purse and

Put my numba in ya phone
And when you get out the club, girl call me up
Put my number in ya phone
Just forget about ya man, baby call my up

Put my number in ya phone, in ya phone, in ya phone,
in ya phone
You fine, you cute
You should go home with me
Baby girl, stop playin' and put my number in ya phone

Bartender get us one more round
And this'll get us to the crib, make it there ourselves
Don't got to talk about the way ya boy put it down
All you gotta do is ask around

'Cause they know, we both grown
I hit the spots that make 'em say oh, oh
So gon' head put ya number in my phone
And I'm a make you my favorite ringtone

Put my numba in ya phone
And when you get out the club, girl call me up
Put my number in ya phone
Just forget about ya man, baby call my up

Put my number in ya phone, in ya phone, in ya phone,
in ya phone
You fine, you cute
You should go home with me
Baby girl, stop playin' and put my number in ya phone
For me, in ya phone, for me, number phone for me
My number in ya phone, girl

Call me, call me, you got the number
Now promise that you won't front
Call me, call me, you know you wanna
And I promise we gon' have fun, girl

We can do what you want to
Once I get you back to my hotel room
Girl, stop actin' like you don't want to
Just reach into ya purse and

Put my numba in ya phone
And when you get out the club, girl call me up
Put my number in ya phone
Just forget about ya man, baby call my up

Put my number in ya phone, in ya phone, in ya phone,
in ya phone
You fine, you cute
You should go home with me
Baby girl, stop playin' and put my number in ya phone

You got the number now, call me up
Put my numba in ya phone
You got the number now, call me up

Put my numba in ya phone, in ya phone, in ya phone, in
ya phone

You fine, you cute
You should go home with me
Baby girl, stop playin' and put my number in ya phone
