You might need a ladder shorty cause I'm way on the

That's right I'm rich and I'm young like it say on my top
And if you ask my bottom bitch, bet she say I'm on top

"You see I come from bottom, but I stay on the top"
[scratched]

You see I come from the bottom, but I stay on the top
You might need a ladder shorty cause I'm way on the
top {"Gangsta Grizzill!"}
That's right I'm rich and I'm young like it say on my top
And if you ask my bottom bitch, bet she say I'm on top
I got no patience for slow hoes, so catch up bitch

Slide on these Nikes with my name in the cushion
