I guess making sure that U good was my bad
I kinda thought U had the same feelings I had
And U helped sell it, like a fly ad
but U was Mac'n at the house, iPad
not mad, but there's a few disappointments
let's just say that I canceled on a few appointments
I blew paper with U , not a joint bitch
I say "bitch" when I'm tryna make a point, bitch
other times, I call it how I see it
I won't give U the title if U don't know how to be it
which proves, I love it when the shit's SMOOTH
but show yo ass to yo nigga that's a bitch move
Imma ride, but what are U about Joe
U gon pull a Tre and say let me out tho
never saw it coming, what a cheap shot
your strongest enemy's the one who know your weak
spot
I kinda wonder if I cross your mind
maybe U my X 'cause U crossed the line
maybe U just never saw the crossing signs
'cause the hand up measn don't walk
we don't talk, and somewhere there's a disconnection

U take it the wrong way so much misdirection

Baby what it is, tell me what it does

this is what it is, fuck what it was

but it was good while it lasted

but when it's dead let it go put it in a casket

and don't dig it back up

got my swagger back up

I pick up to call U then I hang it back up

and Imma get back to 'em

to know a backstabber gotta turn Ur back to 'em

or maybe it's just me and I'm going crazy

but let me ask U this; Where U going, Baby?
