I know I make you wanna leave the one you with
But I ain't Usher Raymond
I'm the kid that they rush to blamin' for the crush they
claimin'
Who can make em' blush the same when I ask
What's my name? And they yell, " F A B"

You shouldn't of even brought her my direction
Unless she was handcuffed wit a order of protection,
yeah
I'm talkin' wreckless now
'Cause I'm the reason that your girlfriends are ya ex's
now, nigga

I'm the fella that keep em yellin', and it's nothin' to get
em'
I don't sweat em', that's what I tell em'
And they quickly forget 'em, and I bet 'em
I get them to forget the day that they met 'em
And I let 'em 'cause I can spend 'em and it's more then
the denim

But I've been on the move, while you dudes be sleepin'
The coupe on 22's keepin' shorty sneakin' in
She won't tell the truth, she too used to creepin'
When Mike is in the booth it's the truth I'm speakin'

Any girl I gave it to, can't even go love another man
I give it to 'em like no other brother can
She say my man can barely move me
But boy you make me scream like a scary movie

On top of that, I'm smoother than the rest of the
gangstas
And I proved that dude you messed with's a wanksta
Damn homie, ya girl is wit the Street Fam homie
And she ain't fuckin' wit you

It's a shame you lames, can't even maintain ya dames
And it's insane the way that she gave me brain
My pimp game's the same, don't forget the name
And when chicks peep, the chain they just can't restrain

Shorty, don't try to fake it, just up and face it
Ya time is bein' wasted and ya man's a basic
See it all in his faces, he's cheap and tasteless
But life is what you make it just watch the bracelet

Bet ya man can't do it like me
His veins don't pump pimp fluid like me
He's nowhere near or like me
And he probably think keepin' you in check
Is buyin' you a pair of Nike's

Why wouldn't I, get dome from her
When the digits on my checks look like phone numbers
Fuck it, you might as well tell that busta skidadle
Not even Cochran can help 'em, win this custody battle

Catch me in the club, wit a case of bub
And a thick chick to rub, niggaz hate because
When they sit in the truck, they be quick to fuck
And I'm gettin' a nut, they just lick it up

I'm their favorite, plus the flow is dangerous
I don't aim to get shorties our relationships
But they crave the chips, I might need a range to fit
She changed a bit, since I got the hang of it

That's right, we got the hang of it
Mike Shorey, Fabolous
Street Family, Desert Storm
I know you hear us, but I wanna make you mine
You know?
