[Intro]

I ain't even gotta say much, ya know ?
It's the money...haha

[Verse 1]

Familiar with Pain but wanna know Joy
Money talks so you gotta raise your voice
Takin pictures in my latest gold Ro' boy
My Jewels on Cam ? Oh Boy
Undisputed Swag Champ, Flow Floyd
No L's, riding in that Rolls Royce
Or that Martin with shawty screaming "You Go Boy"
Smokin loud while killa rollin up more noise
You niggas playin with it but its no toy
I'm here to milk the game not go soy
Can't give these choosey bitches no choice
Can't give these loseer niggas no voice
Only let the winners speak
Money talks, better make it count when you speak
And how that broke man gon' talk when
I'm ridin like this and he Antione Walkin
Takin care of hoes, was they bad ain't the question
Sometimes a bad bitch is a even badder investment
Thirsty ass nigga, you should've had a refreshment
You moved her at to Cali, thought you had you a fresh
Prince (niceee)
Now go and grab me some breath mints
I be talking that shit
Have ya bitch hosting at the crib
Got a section and the bottles when she walk in that
bitch
Keep walkin then bitch, you and ya cheap leggings
I'm the one with the change you can keep beggin
With ya bum ass, shoulda changed her
Coulda had a little something in ya change cup

[Hook]

Money talkin over here we ain't trippin
Money talkin over here we ain't trippin
Money talkin over here we ain't trippin
I swear we ain't trippin I promise we ain't trippin

Money talkin over here we ain't trippin
Money talkin over here we ain't trippin
Money talkin over here we ain't trippin
Money talkin over here we ain't trippin
I swear we ain't trippin I promise we ain't trippin
Money talkin over here we ain't trippin

[Bridge]

I got one I got two
I got three You and me
Money talkin over here we ain't trippin
Money talkin over here we ain't trippin
Throwing ones in the air like its singles
Chuckin dueces up and all the shots are doubles
Hitting threes we just ballin, we ain't trippin
I swear we ain't trippin, I promise we ain't trippin
Yeah
