All my love is all I have  
All my life I look for you

I'm just Fab, I see how Mary be now but I can barely be  
found  
And I rarely be 'round  
But when I do, the jury be drowned  
And you can see how clear the Pavees, and the  
Canaries be now  
The top on the 5 series be down  
And I'm chillin' where them little houses on the prairie  
be now  
Although there was a time I would barely see thous  
But I'm gettin' a multi-million dollar yearly fee now

Girls, don't even know me, want to marry me now  
Dudes, I thought was homies, want to bury me now  
That's why I keep a bulletproof vest, no matter where  
we be now  
And I carry three pounds and nearly three rounds  
I take whatever the verdict from the jury be now  
Rather than friends, it's pallbearers that carry me  
round  
Everybody staring unnecessarily now  
But there's no tints on my life, so you can clearly see  
now

All my love is all I have  
And my dreams are very special  
All my life I looked for you  
And today your dream come true  
You need me and I need you  
Lovin' us is very special  
Lovin' life and life and livin'  
Your very special

Y'all can never be built like me, even if y'all look at my  
blueprint  
But since y'all watches look like its movement  
I'll show you how video games look on the newsprint  
Flip out digital screens, look in the new bent  
100 and flat screens, look in the new pint

Even our Air Forces lookin' to new tints  
I stay away from anythin' that look like a nuisance  
But y'all gotta peep this rookie's improvement

I tip it with you, and 'cause most dudes was doin'  
verses for a few dollars  
And a hook for a few cents  
All I do is try to teach and look to influence  
But it look like the students are playin' hooky, and truin  
And some say that we lookin' like new gents  
But money talks and it don't look like y'all fluent  
And y'all done seen how this young an' look in the new  
pints  
But it's my life and you can't look in the new tints

All my love is all I have  
And my dreams are very special  
All my life I looked for you  
And today your dream come true  
You need me and I need you  
Lovin' us is very special  
Lovin' life and life and livin'  
Your very special

Uh, If I could say so myself, I came a long way  
Even though I feel like the same old John J.  
Nothin' change, when I aim, I'm gonna spray  
When I eat, I order the same old entree  
When I ride, I let the same old songs play  
And when I work, I do the same old long days

From bein' Fab, to looked at by dames the wrong way  
They know where we came, from the name they call me  
I already know what these lames is gonna say  
And I already seen what games they gonna play  
Fuck with family, don't say the name the wrong way  
And when you die, y'all crackers gonna blame it on  
strays

'Cause love and life and life and livin'  
Your very special

All my love is all I have  
And my dreams are very special  
All my life I looked for you  
And today your dream come true  
You need me and I need you  
Lovin' us is very special  
Lovin' life and life and livin'  
Your very special

Me and Fab are very special  
Me and Fab are very special
