I've been waiting

U aint gon believe it, u aint barely screamin yet
I'mma get you hot, till I make your weave sweat, sweat,
sweat

So wet, so wet sweat, sweat
So wet, so wet sweat, sweat
So wet, so wet sweat, sweat
So wet, so wet sweat, sweat

i gotta put in the streets like yellow lines
it's so wet lil mama need a yellow sign
cuz u might slip and fall in love wit it
on the low shawty u can get get get it
I'm in the club, got the bitches staring, pointing
U fuck with me tonight, tomorrow u need a hair
appointment
I'm in a fresh white tee every wrinkle gone
The yellow rocks flashin like I got my blinkers on
I was doing me, smokin cush drinkin 'tron
Shawty came down the stairs gettin her slinky on
She said I drip like a fawcet bring a slick along
or ur room gon look like someone left the sprinklers on
Yeah

I've been waiting
tonight, girl its on
I'm bring da weed through, bottles of patron
U aint gon believe it, u aint barely screamin yet
I'mma get you hot, till I make your weave sweat, sweat,
sweat

So wet, so wet sweat, sweat
So wet, so wet sweat, sweat
So wet, so wet sweat, sweat
So wet, so wet sweat, sweat

When I leave the club with a brod, you know we fuckin
come on with me, I dont want no number or nothing
Grab hold to her, put that pole to her

beat the pussy up, tryna tear a new hole throu her
Long dick daddy in the DTS caddy
I don pimp from Florida to Cinninati
Drive the bitch batty got her brain goin wild

She dont love me she love my doggy style
Sayin "Daddy, come fuck me, come fuck me"
You like the vaccum girl the way u suck me
Pull ur hair spank that ass quite roughly
I know the flavour of love and u (?)
Girl, trust me
I'll make u feel incredible, pussy is edible
I'll make ya wet, no man can do it better boo
Ur head good, you got a future ahead of you

I've been waiting
tonight, girl its on
I'm bring da weed through, bottles of patron
U aint gon believe it, u aint barely screamin yet
I'mma get you hot, till I make your weave sweat, sweat,
sweat

So wet, so wet sweat, sweat
So wet, so wet sweat, sweat
So wet, so wet sweat, sweat
So wet, so wet sweat, sweat

Take your clothes off, it's all right
it's goin down girl, all night
so baby we getting it poppin all in the moonlight
Let's see if u can get freaky until the sun rise
So hot girl and it's so tight
I've been waiting for you to gimmie the green light
so baby we getting it poppin all in the moonlight
wanna see if u can get freaky until the sun rise

I've been waiting
