Yeah uh uh

[Verse 1: Fabulous]

They love how the white 'Pala lean
The interior is Light Collard Green
With lights on it seems
The dope got a white powder gleam
Turns white college teens
To white collar fiends yeah
The fifth got a bright scholar beam
And put blood stains in ya white Stoll and Dean
Like girls in white Palis jeans
That look so burb but really hood like Hollis Queens
When it comes to carrying chrome
I done had more metals than Marian Jones
Its the kid with the jewelry that vary in stones
And that fresh off the boat like Jerry in Groan
My dogs'll stomp you 'till you barely can moan
And put you in the dirt like they burying bones
I talk wreckless and cockier
The necklace is rockier
And I just came back from Checkoslovakia
The constant hate is growin' old
I'm doin' concert dates and shows thats sold
If you get off my dick then just maybe you can
concentrate on goin' gold
Lets get the nonsense straight you goin' cold
And i'm hotter than you ever been
Alot of ya'll ain't never been
Sucked 'till you dry by a hottie in the Netherlands
In a cottage with a set of friends
Why challenge and diss you?
I could buy talons and missles
Along with high caliber pistols
Why hate? if you had my talent and issues
You'd go in the club and buy gallons of Cris to
