[Fabulous]

I guess I ain't got no reason to mingle 'round  
I found a superwoman  
That can leap from the truck in a single bound  
Mami I'm tryna bling you down  
So niggas without shades on  
Can't stare when I bring you 'round  
She put her lips on the weed  
And pull it to work her tongue  
And make me cum faster than a speeding bullet  
Her love's stronger than a locomotive  
But only for the F-A-B-O-L-O-U-S  
Sing to me ma

1 - Baby they can't play you  
Cause I'll save you with my superpowers  
Boy I'm only human  
But I'll be your superwoman

They don't make any girls like me, no, no  
Take a girl like to me to get  
A guy like you to understand how girls ain't the same  
I'm not your average chick  
Cause they can't do it like this  
I've been sent to save your day  
And things won't be the same

Repeat

Uh, boy I told you once before  
You ain't gotta look up in the sky  
Cause the girl you need is right before your eyes  
Yes I'm sick of all these broads  
Ain't got nothing to stand for  
Cause with me you won't fall off, no baby oh

Repeat 1

Everyday, everyday  
I'll love you in a special way  
Chickenheads they can't stay

Now that I'm here, I'm here, I'm here

[Fabolous]

Uh yo this superwoman might have saved my day  
Them skeeos I might have gave some play  
Now I wouldn't even wave that way  
I understand why them other chicks behave that way  
They see the icy S on your chest engraved in gray  
Be whipped I might  
Cause usually with my chips I'm tight  
But only green I keep from you, is kryptonite  
The way that blue and red suit fits your hips so right  
I be like duh-duh-duh-duh, duh-duh-duh-duh-duh  
DAMN  
It's like I'm under your spell  
If feelin' you is a crime  
They gon have to put me under the jail  
You probably hear the details that I be in everything  
From leers to CL's to my share of females  
But you know I care for you  
And anytime this nigga's there for you  
This feelings I only share for you  
This makes it a little more clear for you that...

Repeat
