"Swag Champ"

Visit "[Swag Champ](#)" on MotoLyrics.com

Now I dont jerk off in public, but I been out doin my self
Undisputed swag champ, that big h be my belt (x3)

Fresh pair of them jordan 3's
All black Givenci
That snapback wid dat snake skin, you niggas gotta
see Don C
Muthafucka we rollin
Some brown skin girls, n some Beyonces
Ball like this, you gon see
The kind of hate, Lebron see
Pop a band, throw a bill up, them strippers call me
Chauncey
Look so cool, in my leather jacket, they should be callin
me Fonzi
But I aint got my collar up, I just got my dollars up
Big fish see little fish, n you little niggas get swallowed
up
Shouldnt of been in this shark tank, aint my fault if I eat
them
Why would I wanna join them, when I always knew I
could beat them
Keep a foot on they neck, fresh pair of them weak
Timb's
Aint no love in hip hop, but still let you eat 'em
Came for the competition, but there wasnt much
around
I let you kiss the ring but you'll never touch the crown

Swag champ I got the belt
Swag champ I got the belt
When its done come talk to me
You'll see I got the B
B is for them big boys wid da grown money
And bad bitches who aint got to spend their own money

I said
Swag champ I got the belt
Swag champ I got the belt
When its done come talk to me
Youll see I got the B

B is for them big boys wid da grown money
And bad bitches who aint got to spend their own money

Now I aint come here to be playing, showtime expect
me out
That hotel, that newest shit, ya I see em tryna check me
out
That new chain just came in, guess what, my neck be
out
Funny I be going innnn, everytime they let me out
Ran thru that Louie store, once I blow that, check me
out
Threw me 2 tees, felt like they was tryna take me out
No discrimination, I will still sweat your sexy out
Like 'em wid dat Keisha ass, but gotta have that Becky
mouth
Rep my town but I'm hardly here
Gotta go in when I party here
Drinks so strong, I can barely lift em
Weed so loud, I could hardly hear
Love the way that track suit, lay on those shell toes
Money talks, you aint got it, convo, hell noo
Stick to bein' you boy, stay on yo, Velcro
Hate to see yall been backwards, rondo, elbow
Came for the competition but there wasnt much around
I let u kiss the ring, but you'll never touch the crown

Swag champ I got the belt
Swag champ I got the belt
When its done come talk to me
You'll see I got the b
B is for them big boys wid da grown money
And bad bitches who aint got to spend their own money

I said
Swag champ I got the belt
Swag champ I got the belt
When its done come talk to me
Youll see I got the B
B is for them big boys wid da grown money
And bad bitches who aint got to spend their own money
