I introduce you to the life
You need the life, the life needs you
Everything is nice

Let me welcome you to my world
Everything's in living color plus the fly girls
On the way and gotta watch them with a keen eye
Niggas ain't seen fly till they seen I

Maybach 'cause I'm not a limousine guy
Suit with the bow tie no bean pies
The La Perle match well with these Ferragamis
Killer shoe game these are just a pair of hamies

[Unverified] I get up like QB's
Na, she ain't stepped in blood, those are Lou B's
We don't follow unless you lead us into VIP
When they know your face they don't need to see ID

I can see the bottles coming from a mile away
[Unverified] on the top act like they don't know to star
She fuck with niggas like Fabulous
'Cause to tell the truth, baby, life's fabulous

It's the fabulous life, oh I be living that
Oh I be living that, oh I be living that
Get your money right, you could be living that
You could be living that, you could be living that

It's a fabulous life, oh I be living that
Oh I be living that, oh I be living that
How you living, what? How you living, what?
How you living? Oh I be living fabulous

I bow my head and I praise that
We be there and back before the Rose's flat
Picture me anywhere a clown stays at
I don't think so, homey, don't play that

Everything is BOSS, like a Rick ad-lib
Take it to house like it's Trick Dad Crib
We hit Miami like a hurricane

Shorty poolside, one piece Veroaine

She the baddest bitch in them Jackie O' shades
Flabby beach mat, she don't give me no shade
Hold the heat down, she don't even know Wade

Nigga get smoked like cigarette tote

I like her soft kiss and I dig her wet throat
I love her booty bounce like cigarette boats
And it won't quit, she can't wear skinny jeans
'Cause her ass don't fit, real shit

It's the fabulous life, oh I be living that
Oh I be living that, oh I be living that
Get your money right, you can be living that
You can be living that, you can be living that

It's a fabulous life, oh I be living that
Oh I be living that, oh I be living that
How you living, what? How you living, what?
How you living? Oh I be living fabulous

Got a rich bitch on the way
That for real though, just like Wanda say
She just wanna rock my world in the Wonder way
I'm sitting at the airport like andele

Fist I saw the luggy with the Louie monogram
Then I saw my baby like a sonogram
On the runway just me and Bentley
I open doors, you ain't gotta G the gent me

I was thinking Knick game, court side
She put her hands in my pants, I let that thought slide
We can get it on but there's no leg room
No water bed, just a boat with a bedroom

Now you tell me who can top this
Hey, laying on the deck topless
Got two different dames, it's a Fabolous thang
One white, one yellow, like Fabolous chain

It's the fabulous life, oh I be living that
Oh I be living that, oh I be living that
Get your money right, you could be living that
You could be living that, you could be living that

It's a fabulous life, oh I be living that
Oh I be living that, oh I be living that
How you living, what? How you living, what?

How you living? Oh I be living fabulous
