aby..
Oh woo.. oh no.. hey yay..
your just too gangsta.

In my hood the slower you move
the quicker they get you
sometimes its somebody in the click
that be with you
its why my vest is quicker to get through
when i keep two nuse
and my shirt is like dickes and shit through
allways my breath when im beakering with you
i rather waste my taste when they flicking and hit you..

Boy your too gangsta for me.. baby
Boy you just gave her but please come back to me
