"Welcome To My Workplace"

[Announcer voice]

He's young, he's handsome

He's a poet, a prophet

And many people believe he will be the champion of
the world

Welcome to my workplace

This is my "Get Ya Ass Back To Work" face

Bedroom storage, kitchen workspace

Stick a finger in the pot, see how the work taste

SWEET!

Call it rock candy

When you bake cakes, you keep Betty Crock' handy

They say it's best you scratch, fresh new batch

Can you smell what The Rock is cookin'?

Wrestling match

1, 2, 3, ding!

We put it in the microwave, not the ring

The Vince McMahon of brick weighing

Make a wall outta them shits, brick laying

The apartments stinker than a fart sent

Like walking in Bloomingdales fragrance department

You smell fumes, from hells tomb

Then it gets moved to the back mail room

That's where it's packaged to deliver

All through the city, and right across the river

Welcome to my workplace

Better than MacCartney with the Beatles when I work
base

Get it in, get it out, steady work pace

Last time it was tested, my work aced it

Dude I can't feel my faced it

Sat back like I am wasted

The J.P. Morgan of the coke business

Your moneys funny and I ain't in the joke business

Hi and bye on the phone, I never spoke business

What the fuck I do ain't these folks business

Bitches half-naked, niggas fully loaded

Speaks for itself, don't even gotta promote it

This that Loso's Way

Everybody want that Loso's Way
