[chorus Lil' Mo]

Does anyone care (anyone care)
Please tell me
Im alone and scared (alone and scared)
Please help mee
What should i do (what should i do)
What should i do (what should i do)
What should i do
Please tell me
Please tell me

[verse 1]

Dear fab
I wrote this letter in confidence you will read it
I succeeded getting my collage education completed
Smart girl not conceded i'm used to being treated
anyway
But anyway
Your advice is needed
Im 22 years old,
With a beautiful daughter,
By a dead beat who wouldnt give a quarter to support
her
My money was gettin low
And my patience was getting shorter
Heard about his new gf and all the shit he brought
So i caught, fought her, heard she had restraining
orders
I still grabbed her pony tail and held her under water
So right now im sorta locked up for manslaughter
Missing every minute i can't spend with my daughter

[chorus]

Does anyone care (anyone care)
Please tell me
Im alone and scared (alone and scared)
Please help mee
What should i do (what should i do)
What should i do (what should i do)
What should i do

Please tell me
Please tell me

[verse 2]

Loso

I know you hold profession as a lyricist
But u prolly never had depression as severe as this
Your music, its like a session with a therapist
I asked the lord to send me any blessin if his hearin
this
Im stresssin sumfin serious
Pressin on delirous
A smart man always ask's questions if he's curious
I believe in god, but i dont understand his plan
Why send a spanish man, way up to afganistan?

Hand this man a rifle
Suit me up in camoflauge
I salute the hand of sarge
He is not a man in charge
Im fightin this war
Dont kno who im fightin it for
Might be goin awol anyday ya'll

[chorus]

Does anyone care (anyone care)
Please tell me
Im alone and scared (alone and scared)
Please help mee
What should i do (what should i do)
What should i do (what should i do)
What should i do
Please tell me
Please tell me

[verse 3]

Dear fabolous
Im such a fan
I dont have much demands
But im really hopin that you will keep in touch with fans
Coz see,
I know your prolly busy kickin it with one of them pretty
girls from on television shaking it

My vision ain't mistaken, i can see you wasnt faking
So i hope, that you can help me with some good
decision making
I've been thinkin a lot, so much i havn't slept in days
My mother and father about to go there seperate ways
Im a teen in the cross of a painful divorce
I love my mum and she thinks i'm an angel of course

I love my dad too
I feel tangled and lost
Who's side should i be on?
Your friend deon

Yeah this song is dedicated to anyone who find
themselves in a place where they need

Sum advice
You may not always find that person in the physical
form
But theres someone you can trust in
Who listens when everybodys ears are shut
Who sees when everybodys eyes are closed
Who speaks when everybodys voices is silent
Put your faith in god
The man will take you from there
Loso

Coz not a day goes by, that i dont wonder why
And what should i do
