[DJ Envy:]

You know how we do

One more time on the sneak tip

Why wouldn't we though?

I mean why not?

Lets get into it

New shit DJ Envy featuring Fabulous

[Chorus: Fabulous]

I come from the city of NY

Section of Brooklyn known as Bedstuy

Don't come around here and talk fly

[Verse 1: Fabulous]

Niggas won't be happy 'till they got price tags on 'em

Layin' in hospital beds with ice bags on 'em

I'm comin' through in coupes with the nice mags on 'em

Diamond chain with a Jesus Christ tag on 'em

Maybe I'm just feelin' the Kush

Everybodys against war but right now I'm feelin like

Bush

When you get money theres nothin' that you can't do

on the Earth

Its not a problem for niggas to plant you in the Earth

Better walk with Uzes

The talk is useless

Don't try to spoon ya reason or fork excuses

Cause I don't feed into the bullshit (nah nigga)

Without a ten millimeter and full clip

[Chorus: Fabulous]

I come from the city of NY

Section of Brooklyn known as Bedstuy

Don't come around here and talk fly

I come from the city of NY

Section of Brooklyn known as Bedstuy  
Don't come around here and talk fly

[Verse 2: Fabolous]

The kids too cool to let these young boys get the best  
of him

The 4 fifth put 'em in one troy with the rest of 'em

These niggas try to get they nose into my biz

And get emotional cause they hos wanna try Spizz

The shooters are beggin' me show who the guys is

And when the cops find 'em they won't know who the  
guys is

It ain't my fault that ya'll ain't comin' up yet

But I'm probally responsible for makin' stomachs upset

(WOW)

My chain

Give a nigga my brains

When the coupe flow by

Make a nigga throw drive

And you fuckin' with a OG

My new year's resolution was to leave these suckas in  
the O three nigga

[Chorus: Fabolous]

I come from the city of NY

Section of Brooklyn known as Bedstuy

Don't come around here and talk fly

I come from the city of NY

Section of Brooklyn known as Bedstuy

Don't come around here and talk fly
