when you need a warmth inside
the spotlight cant provide
i'll be around

when you get too far off track
and get lost on your way back
ill be around

and when all your famous friends
have all stopped droppin in
ill be around
on your way down

when you cant recognize
your face in the morning light
ill be around
on your way down

and if you ever get around to looking for me
dont bother asking where I've been seen
oh I'm in the same place that you left me
caressing your memory

ba ba ba ba ba ba
ba ba ba ba ba ba (repeat)

when you feel him let go
cause all the thrills have gone
ill be around

when all belief runs out
cause all good faith has ground
ill be around
on your way down

when you're afraid to cry
cause you're not sure whats inside
ill be around
on your way down

when its late at night

and you need someone to fight
ill be around
on your way down

if you ever get around to looking for me
dont bother asking where I've been seen
oh i'm in the same place that you left me
caressing your memory, oh

ba ba ba ba ba ba
ba ba ba ba ba ba (repeat)
