She says ?If you liked it why don't you call me back??  
She said ?If you liked it why won't you come on back??  
'Cuz you can ride for free  
And you don't got to worry about me  
I cry alone and I whisper when I speak

I said I don't want to be  
I don't want to be  
That mother fucker

I don't want to be  
I don't want to be  
That mother fucker

Who can make you so blue  
You become mean  
When the devil needs help  
Why does he always call me?  
She said ?Be careful what you give me  
I might not give it back?  
Be careful what you give me  
You might not get it back

The blame is better to give than it is to get  
I can forgive but I'll never ever forget

I said I don't want to be  
I don't want to be  
That mother fucker

I don't want to be  
I don't want to be  
That mother fucker

Who can make you so blue  
You become mean  
When the devil needs help  
Why does he always call me?
