Never shall you weep, for I will walk beside you  
Cause I was born to guide you, to guide you  
I'll stay close to you, my heart knows how to follow  
Like rivers know where they flow, it knows  
Now I'm asking you, I hope you say I do  
Cause I can't turn away from you

I 'll stay right here beside you  
I'll give you hope and guide you  
I wrote it in my heart, now my heart is asking you  
I'll stay right here and love you  
Now if I look inside you  
And listen to your heart would I hear you say I do

Somewhere there's a meaning for all the things I'm  
feeling  
It's written in my heart, in my soul  
Now I'm asking you, I hope you say I do  
Cause I can't turn away from you

I 'll stay right here beside you  
I'll give you hope and guide you  
I wrote it in my heart, now my heart is asking you  
I'll stay right here and love you  
Now if I look inside you  
And listen to your heart would I hear you say I do

Girl  
I 'll stay right here beside you  
I'll give you hope and guide you  
I wrote it in my heart, now my heart is telling you  
I'll stay right here and love you  
Now take a look, I ask you  
Just listen to my heart and you'll hear me say I do

I 'll stay right here beside you  
I'll give you hope and guide you  
I wrote it in my heart, now my heart is asking you  
I'll stay right here and love you  
Now if I look inside you  
And listen to your heart would I hear you say I do
