Chorus: I've got to get away (8x)
I've got to get away
Spoken: Ain't nothing but the funk, baby!

I need a piece of mind
I'm stressed out today
It's about that time
To make that get away
Dealin' with the people
I deal with everyday
Got to find a place i can hide away

So i can be away from the madness
Far from the noise and the darkness
It's not too late, there's got to be a way
For me to escape all this nonsense

Chorus:
I've got to get away (4x)
I've got to get away

They try and run my life
But that's the way i live
Do what i wanna do
'cause it's my prerogative
People always trippin'
About the things i say
But i'm livin' for the future
And i'm doing things my way

So why does the world just keep on
Doggin' me
I have to leave it all behind
'cause there's gotta be a way
For me to escape all this nonsense

Chorus 4x

Rap:
Yo, check the groove B's kicking a flow real smooth.
E double SS with some ccess is a nessecity to move.

So hit it where ya fit in and let the rythm snatch ya.
Throw a good rhyme so watch what's coming at ya.
As i release another brown batch of jams that slam
and
You can't touch so scram. I know you cram to
understand
Who i am. Damn, by the way can i please get this
dance
Let's not freelance cause i'm just getting started,
Believe me that was nothing but a brown party. That's
On, going on and got it going on. Bob and ted's rated
Number one so flow on it and if you're in the house
Pump your fist and say ho, ho, ho.
Ted bring me on back
Bring me on back, dance. There it is oow.

Chorus w/ bobby's adlibs
