Yes i know times have changed
I'll be straight up with you
It's so hard to explain why i feel the way i do
For you
We've had ups and downs
Long as love's still around yeah
We can make it last forever
If we're not too proud to say, i love you
CHORUS
I love you, forever
You make my dreams come true
You know, i know
We'll be together
Til the end of time

It's so hard for a man
In this world full of trials
Tell me how can i get
All the things that i want
That i need
If we both believe
We can accomplish anything
Just think of all we could achieve
'cause I'll be yours and you'll be mine
Until the end of time

CHORUS 2x with bobby adlibs

Keyboard solo
Chorus 3x

That's all we need. In order to make a relationship
work, all
We need is time. But if we believe, all our dreams will
come
True. Together, forever and ever, til the end of time. So
let's me go on, til the end of time
