Two can play that game (4x)  
Stay with me but if you want to leave  
Take your things  
Forget all about me  
Tell me why you fail to realize  
That you might not ever  
Get another try

Girl think  
About it before you leave  
Cause bobby's got a brand new swing  
And so if you want to do your own thing  
I hear what you're sayin'  
Two can play that game you're playin'

CHORUS:

Two can play that game (4x)

Listen, lately you've been actin' mighty strange  
To me it seems your attitude has changed  
And suddenly you just don't seem the same  
Instead of playin' all those silly games  
Girl think yeah about it before you leave  
Cause bobby's got a brand new swing  
And so if you want to do your own thing  
I hear what you're sayin'  
Two can play that game you're playin'

(chorus 4x)

Rap:

Everybody wants to be a newjack, fronting the  
styles  
Of the brown's kind of wild now i'm back. But don't  
Get me wrong, cause i was never gone, i was here  
All along see my flavor stands strong and get ya,  
And can swift ya. Ted do they know where i'm  
coming from (yep)  
Hey yo ted do they know where i'm from (yep)  
Hey yo ted do they know where i'm comin' from  
(yep yep)

Bust it. Let's groove to the new type of styling get  
wild and  
Loose with the darker the berry and sweet jucie  
and when  
I burst you only two words is hurt me, hurt me, just  
Better stand still i move at will then i make my kill  
Snatch and tax your brain got damn i'm insane but  
i refrain  
From using that name because two can play that  
game

(chorus 12x)

Yo band drop it sing!

Chant: Yeow (yeow), say yo (yo)  
Say yeow (yeow) say baby i owe you  
(baby i owe you)

Chorus 4x

Repeat chant
