I'm a mess, what can I say?
I'm a mess every night and day
I'm a mess if I go to work
I'm a mess and too big of a flirt
I'm a mess when I'm laying down
I'm a mess when I'm out of the town
I'm a mess what's it all about?
I'm a mess so just put me out

I'm a mess 4x

I'm a mess when I talk on the phone

I'm a mess if I'm all alone
I'm a mess and I drink too much
I'm a mess and I'm so outta touch
I'm a mess when you are around
I'm a mess and I'm falling down
I'm a mess when I'm thinking of you
I'm a mess and I'm turning blue

I'm a mess 4x
