[Magic]

Yo C-Murder, you believe all these people they call me
hopeless.

[C-Murder]

They say when your hopeless your not expected to do
good, be successful.
And it's by all means impossible to accomplish any
goals.

[Lady TRU]

They say I'm hopeless

[Sons of Funk]

They say I'm hopeless, hopeless, hopeless

[Lady TRU]

Like a bullet with a hole in it

[Sons of Funk]

Ohh, like a bullet with a hole in it, oh yeah

[Magic]

Look here, it's not easy I struggled to get in this
position

Taking my people out the ghetto was my only mission
I was jacking and strong arming accomplished i done
changed

Making money living good I'm out of the game

See as I refused to see good in my accomplishments

All I ever get is dirty looks, never compliments

I figure jealousy, wishing that yall could be me

Cause I'm living larger then life at the age of
twentythree (ha ha)

Alot of pessimistic people is speaking about my
lifestyle

So when I enter the center I look for the smiles

Many expected me to go down the tubes

Now the same people wishing that they could be in my
shoes

But I'm the one they call hopeless

Lord forgive em for thinking that I was worthless

I forgive and forget

And I learn from every life experience

I hope yall feel every word cause this is real it gets

They call me hopeless

[Lady TRU]

They say I'm hopeless

[Sons of Funk]

They say I'm hopeless, hopeless, hopeless

[Lady TRU]

Like a bullet with a hole in it

[Sons of Funk]

Like a bullet with a hole in it, bullet with a hole in it, oh

[Lady TRU]

They say I'm worthless

[Sons of Funk]

They say I'm worthless, worthless, worthless

[Lady TRU]

And I'm up to my head in it

[Sons of Funk]

And I'm up to my head in it, up to my head in it, oh

[C-Murder]

They said I'm hopeless and I never make it

They doubt it, call me an outcast because I'm bout it

Now why you wanna label me and say I'm a thug

I never said I wasn't because this ghetto is in my blood

But I maintain through poverty and tears

My only wish was that I make it to see another year

I left my dreams up in the penn, feel my constant
struggle

And one man against a nation, damn I miss my brother

I walk a path to a dead end cause I'm lonely

A childhood full of rainy days kept me homeless

I always wondered was I cursed

Since birth I felt I never had a fair chance in life on this
wreched earth

My lonely memories of the past, they got me thinking

I don't wanna see the future, but die in vain

I ask the Lord will he forgive me

Before I leave this world I wanna live a better life
because I'm hopeless

[Lady TRU]

They say I'm hopeless

[Sons of Funk]

They say I'm hopeless, hopeless, hopeless

[Lady TRU]

Like a bullet with a hole in it

[Sons of Funk]

Like a bullet with a hole in it, bullet with a hole in it, oh

[Lady TRU]

They say I'm worthless

[Sons of Funk]

They say I'm worthless, worthless, worthless
[Lady TRU]
And I'm up to my head in it
[Sons of Funk]
I'm up to my head in it, yeah
[Lady TRU]
They say It's hopeless
[Sons of Funk]
They say It's hopeless, hopeless, hopeless
[Lady TRU]
For me to make it out the ghetto now
[Sons of Funk]
For me to make it out the ghetto
[Lady TRU]
They say I'm struggling
[Sons of Funk]
They say I'm struggling, yeah
[Lady TRU]
Like a heart with no love in it
[Sons of Funk]
Like a heart with no love, heart with no love
