True love is hard to find  
True love is hard to find  
Well just like good wine  
Never gets served before its time

Baby be true to me  
Like I'm true to you  
Well stick around or set me free  
Baby that's what you got to do

It takes alot of lovin' to fill my loving cup  
Make it overflow till I can't get enough

I like it in the light  
I like it in the dark  
Well I like it on lovers lane  
I like it in the pouring rain

Guitar lead

Well bring it on over bring it on over to me  
Well you and I together that's the way I want it to be

Baby come take my hand  
Tryin' to make you understand  
Well I love you you see  
Baby come on and go with me

Well bring it on over bring it on over to me  
Well you and I together that's the way I want it to be

Baby come take my hand  
Tryin' to make you understand  
Well I love you you see  
Baby come on and go with me
