It's a shame when you got me where you want me but
you want me somewhere else
And it's a shame the way you take my love and baby on
and off the shelf
It's a shame, shame, shame
The way you run my life
But you always insist on another little twist of the knife

Tell me how many times can I believe you when you're
out with your best friend
When you don't even care if the whole town sees you
out with another man
It's a shame, shame, shame
The way you run my life
But you always insist on another little twist of the knife

Your lips I can't resist
Your eyes they hypnotize
With an endless supply of bullets to bite
So every day I can take another little twist of the knife

Your lips I can't resist
Your eyes they hypnotize
With an endless supply of bullets to bite
So every day I can take another little twist of the knife

Well a man takes an ounce of dignity and a pound of
foolish pride
And he gives it up for a woman like you to keep her
satisfied
It's a shame, shame, shame
The way you run my life
But you always insist on another little twist of the knife

Baby it's a shame, shame, shame
The way you run my life
But you always insist on another little twist of the knife
It's a shame
It's a shame, shame, shame
It's a shame
It's a shame, shame, shame, shame, shame
Oh baby don't do me like that
