I get excited when I look at you
You're my desire and my dream come true
When you're here with me
My passion start to swell
You're my destiny
You've got me under your spell

Will you love me tomorrow (love me tomorrow)
Like you did today
Then all of my sorrows
Will slip away (will slip away)
Oh, this moment of magic
Is an endless dream
(Is an endless dream)
I'm beging you baby
And don't you say maybe
Will you love me tomorrow

I got a funny feeling deep inside
I'll make you happy for the rest of your life
Give your love to me
And make my wish come true
You're so good to me
In everything that you do

Will you love me tomorrow (love me tomorrow)
Like you did today
Then all of my sorrows
Will slip away (will slip away)

Will you love me tomorrow (love me tomorrow)
Like you did today
Then all of my sorrows
Will slip away (will slip away)
Oh, this moment of magic, ohoh
Is an endless dream
(Is an endless dream)
I'm beging you baby
And don't you say maybe
Will you love me tomorrow

I'm beging you baby
And don't you say maybe
Will you love me tomorrow
