In our world  
We always here and see  
What's right what's wrong  
You have to be real strong  
To find out just where you belong

(Yah yah yah)

Every place you go  
People around you'll try to take control  
But trust yourself  
Cause you know best so skip the rest, ohh ohh ohh

Every time you  
Find the right road in your heart just walk on  
(Bap bap bap ba)  
Keep in mind that  
All the dreams you have are made to come true  
So are you

If you have to choose  
It doesn't matter maybe if you lose  
No, no trust yourself  
Cause you know best so skip the rest, ohh ohh ohh

Every time you  
Find the right road in your heart just walk on  
(Bap bap bap ba)  
Keep in mind that  
All the dreams you have are made to come true  
So are you

Your life is ruined, you have no place to go  
No one gives a damn no nobody knows  
But now it's up to you to take control  
Cause life will be what you decide to, ohh

Every time you  
Find the right road in your heart just walk on  
(Bap bap bap ba)  
Keep in mind that  
All the dreams you have are made to come true

So are you

Every time you

Find the right road in your heart just walk on

(Bap bap bap ba)

Keep in mind that

All the dreams you have are made to come true

So are you

Oh oh oh yeah!
