"Concrete Hammerhead"

You've stumbled in now fortified
Now taste the hate where worlds collide
Breathing in your life subsides
Knowing that your hands are tied... rage

Concrete hammerhead
Lord of all that makes you dead
King of kings and all is said
Concrete hammerhead
Reaching for the sky again
Reaching for the sky again
Concrete hammerhead
Concrete hammerhead

You are the one that feeds the need
Sucked down by addiction's seed
Watch you as you slip away
Down into the serpent's ways... rage

Concrete hammerhead
Lord of all that makes you dead
King of kings and all is said
Concrete hammerhead
Reaching for the sky again
Reaching for the sky again
Concrete hammerhead
Concrete hammerhead

Burn me - lord of all that makes you dead
Burn me - lord of all that makes you dead
Burn me - lord of all that makes you dead
Concrete hammerhead

I am the one that makes the law...
