Deeper within the sorrow grows
Buried in me are the seeds I've sown
I've given to you all I have to give
And you turned me away

Feed... and I'm sober
Feed... and I'm colder
Feed... and I'm older
And I'm older
And I'm older

And I am blessed within
Free from all my sins
And I am blessed within
Free from all my sins

Feed... and I'm sober
Feed... and I'm colder
Feed... and I'm older
And I'm older
And I'm older

The coldness of life that you now feel
Is the open sore that makes me real
I have bled for you and you bleed me dry
And then you threw me away

Feed... and I'm sober
Feed... and I'm colder
Feed... and I'm older
And I'm older
And I'm older

And I am blessed within
Free from all my sins
And I am blessed within
Free from all my sins

Feed... and I'm sober
Feed... and I'm colder
Feed... and I'm older

And I'm older
And I'm older
